

# MOUNTING

**Technical Data** PRESSLAM®1.1 Ø 25.4 to Ø 50 mm Capacity 4 x 600 W around mould Heating system 20 to 200°C Temperature range 0 to 30 min Heating cycle Cooling cycle 0 to 30 min 0 to 1,600 daN Pressure Double mounting yes – all diameters 300 with USB connexion Program back-up Pressurisation modes 4 different modes Chamber closing half turned cover with a safety chamber Mould changing Quick, without connectors- electric or hydraulic Pre-heating mode Yes (cleared after 6 min without manipulation) Water saving yes (up to 25%) Voltage 230 V – 50 Hz single-phase Pneumatic feed 6 to 10 bars Dimensions W x H x D 250 x 680 x 470 mm Weight 72 kg (depending on mould size) 60 PL110 00 Reference

MOUNTING MACHINES

### PRESSLAM® 1.1

The PRESSLAM®1.1 is a multi-purpose, easy-to-use, automatic hot mounting press that will allow you to achieve high production levels. All parameters are accessible via a 5.7" colour touch screen. The graphic interface guides you intuitively through the different settings, which you can then store and reuse at will. It is also possible to transfer predefined hot mounting parameters via the machine's USB port. All phases are visible on the screen during the hot mounting cycle and can be modified at any time.

Each function can be adjusted separately and 4 pressurisation modes are available, along with a function reducing the amount of water used for cooling.

Once put in service the PRESSLAM®1.1 runs a pre-heating cycle that is cleared after 6 minutes without user intervention.

Access to mould is wide open for a sample positioning and filling facility. Quick and effortless, the locking/unlocking is realised by a cover and a ¼ turn locking lever.

#### Exclusive safety device

The expulsion of the sample after the mounting cycle is only possible when the safety cover is located in its intermediary position. This device creates a safety chamber in which the sample is protected in case of an eventual sticking situation.

Closed Safe position for sample recovery

0pen

Embedding allows limiting edge stresses during the polishing step.

This operation will also allow you:

- In manual polishing: to facilitate the holding of the sample
- In automatic polishing: to place several samples together in a sample holder under optimum tightening conditions

#### **MOUNTING MACHINES**

The PRESSLAM®1.1 is equipped with a main heating unit which contains the removable cylinder. The standard heating unit covers diameters from 25,4 to 40 mm and a specific element is available for a 50 mm diameter.

The mounting chamber can be changed without any tools, nor electric or hydraulic connections.

It only takes a few minutes to change the complete heating unit.

The PRESSLAM®1.1 is the ideal link in your mounted sample production line. It is a compact machine that is both easy to use and easy to maintain and will allow you to increase your productivity while maintaining unrivalled flexibility.

Independent cooling unit to use the PRESSLAM® 1.1 without water supply

## Spacer for double mounting

#### **Accessories**

| Heating unit for Ø 25.4 mm (1"), 30, 40 mm, 1"1/4 and 1"1/2 | 60 PL2H1 00 |
|---|-------------|
| Heating unit for Ø 50 mm and 2"                             | 60 PL2H2 00 |
| Assembly mould Ø 25,4 mm or 1"                              | 60 PL1C1 00 |
| Assembly mould Ø 30 mm                                      | 60 PL1C2 00 |
| Assembly mould Ø 40 mm                                      | 60 PL1C4 00 |
| Assembly mould Ø 50 mm                                      | 60 PL1C5 00 |
| Assembly mould Ø 1"1/4                                      | 60 PL1C2 10 |
| Assembly mould Ø 1"1/2                                      | 60 PL1C4 10 |
| Assembly mould Ø 2"   | 60 PL1C5 10 |
| Spacer Ø 25,4 mm or 1" for double mounting                  | 60 PL2I1 10 |
| Spacer $\emptyset$ 30 mm for double mounting                | 60 PL2I2 00 |
| Spacer Ø 40 mm for double mounting                          | 60 PL2I4 00 |
| Spacer Ø 50 mm for double mounting                          | 60 PL2I5 00 |
| Spacer Ø 1″1/4 for double mounting                          | 60 PL2I2 10 |
| Spacer Ø 1″1/2for double mounting                           | 60 PL2I4 10 |
| Spacer Ø 2" for double mounting                             | 60 PL2I5 10 |
| Compressed air filtration kit                               | 60 00375 90 |
| Cooling unit  | 60 PL090 00 |
